Resolved Question [Show me another >](#)

Can your baby get pregnant if you have sex while pregnant?

like if you are pregnant with a baby girl, and you have sex while you are pregnant, can the sperm go up in there and impregnate the baby?

1 month ago

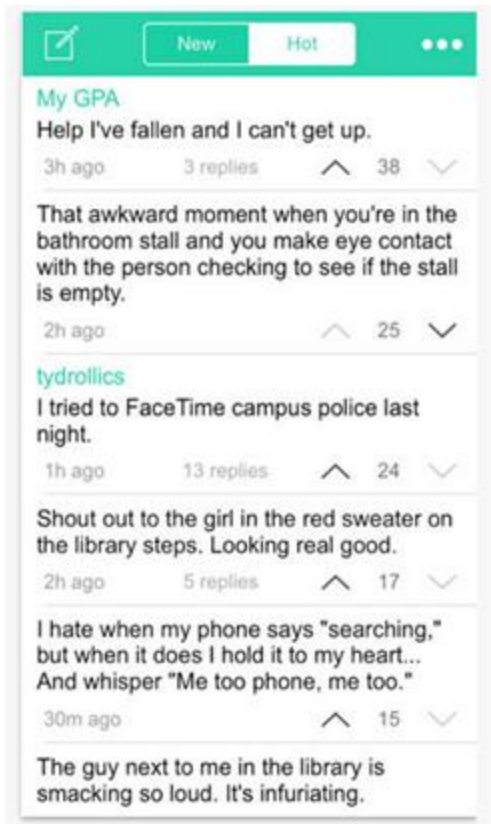

[Report Abuse](#)

Hennessy

Best Answer - Chosen by Voters

The baby can get pregnant only if it's a female. If you suspect that your baby is pregnant, try not to have sex again. You run the risk of getting your baby's baby pregnant and that can lead to complications like an infinite loop.
